Reference: Proceeding No. 15-149

Dear Chairman Wheeler:

I am writing to support the merger with Time Warner Cable (TWC) as well as the acquisition of Bright House Network (BHN).

Charter Communications continues to be in the forefront of technology allowing businesses to grow and expand. It is our understanding Charter has committed to bringing offshore jobs back to the United States thus continuing to decrease joblessness and offer better customer service.

The many new networks to be established will assist rural economies –of which there are many in this state - thus providing jobs and the ability to connect with the rest of the world.

As a Chamber, we strongly feel the New Charter will be of benefit to all communities across the United States and within the State of Nevada.

Cordially,
