Re: Proceeding NO. 15-149

Dear Mr. Wheeler:

On behalf of the Nevada Association of REALTORS, I am writing in support of the proposed merger between Time Warner Cable (TWC), Bright House networks (BHN), and Charter Communications. The Nevada Association of REALTORS is a 501(c)(6) trade organization of over 14,500 REALTOR members in Nevada with a mission to enhance our the success of our members, protect private property rights and advocating for our members' interests.

We believe that the merger of these three companies will improve telecommunication performance and provide better service for subscribers. With the real estate industry rapidly recovering in Nevada with an influx of new companies and new industry, the state needs to stay at the forefront of the advancement of telecommunications speed without any data-caps, usage-based pricing, modem or early termination fees. The newly merged corporation, New Charter, will offer this advancement to both TWC and BHN customers across the states.

Of course job creation and preservation of jobs on American soil is crucial to the continued economic recovery. With New Charter's commitment to return Time Warner Cable calls center jobs back to American soil and to train thousands of new employees for customer service call centers and field technician operations, this merger will help economic recovery. Most importantly, New Charter will remain committed to net neutrality and will not block or slow down internet traffic, engage in paid prioritization, and will not impose data caps or usage-based billing.

I ask that you support his proposed merger.

Yours truly,
