ET Docket No. 15-105, Public Notice OET and WTB Seek Information
On Current Trends In LTE-U and LAA Technology

Dear Ms. Dortch:

The previously filed version of the attached *ex parte* contained an error in quoting the language of Section 333. The previous version quoted the statute as prohibiting anyone from “knowingly or maliciously” interfering with a radio transmission. The actual statutory language prohibits anyone from “willfully or maliciously” interfering. The attached version of the *ex parte* corrects this error.

Sincerely,
