I request Time Warner Cable (TWC) and Charter carry One America News Network (OANN). TWC and Charter should not be allowed to discriminate against OANN or any other network channel because of politics and differing views/opinions. Since learning about OANN I have become a regular viewer and have recommended this network to friends and family. Some have recently cancelled their service with TWC because of TWC's refusal to carry OANN. I used to be a TWC subscriber myself, but after learning of their refusal to carry OANN I'm really glad I changed cable providers.

Respectfully.....
