UPDATED RESPONSE TO REQUEST FOR INFORMATION FROM
LEVEL 3 COMMUNICATIONS, INC.

1. Identify, for the month of August, 2015, the 20 U.S. Internet service providers to whom the Company delivered the highest rate of network traffic, as measured by the 95th percentile peak utilization.

Attachment 1 identifies the twenty U.S. ISPs that Level 3 interconnects with in the U.S. ranked by egress using the P95 methodology. Consistent with clarification from Commission staff on the definition of “U.S. Internet service providers,” the twenty ISPs identified are U.S. providers of Broadband Internet Access Service, as that term is defined in 47 C.F.R. § 8.2(a).

Please note that **[[BEGIN CONFIDENTIAL]]** **[[END CONFIDENTIAL]]** is included in the top 20 U.S. Internet service providers because **[[BEGIN CONFIDENTIAL]]**

[[END CONFIDENTIAL]]

5. Provide the Company’s internet traffic exchange data as specified in Attachment A for the top 20 ISPs identified in Request 1.

Level 3 provides the Highly Confidential data in response to this Request as .csv files, per instruction. Please note that Level 3 does not purchase Transit Service to deliver traffic terminating in the United States.

There are no changes to Level 3’s response to questions 2, 3 and 4.
