Re: MB Docket No. 15-149

Dear Chairman Wheeler:

The Scottsbluff/Gering United Chamber of Commerce is represented by 376 businesses. Charter Communications has been a member for over thirty years. They have supported the community in many different venues in addition to the chamber.

Charter is merging with Time Warner Cable and Bright House Networks. We congratulate Charter Communications on this merger and support them during this time of transition. We appreciate and value the resources they bring to our community. We look forward to continue this partnership.

If you have any questions, please do not hesitate to give me a call.

Sincerely,

Karen S. Anderson  
Executive Director
