We want the FCC to make sure that Charter makes every effort to insure that family owned and independent programming networks such as One America News Network are treated fairly and protected. Most of the news on TV today is biased based on the reporter, stations, or networks opinions which can distort the facts. When we want the news we want just the facts without others opinions, and that is what we get from One News Network. Also, to allow Charter to go forward with this merger, and create a monopoly, will be a breach of the first amendment to the constitution of the US; Freedom of speech and freedom of the press.
