

RE: MB Docket No. 15-149

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

At Be WISE Camp, we inspire girls entering grades seven and eight to develop interest and excitement in STEM fields. We have hosted more than 3,000 girls over the course of 25 years and are committed to continuing our mission as STEM education gains more importance in schools and the workplace. We were thrilled that our girls were able to benefit because of Time Warner's Connect a Million Minds! Our girls and our staff were so excited to be totally involved in STEM! Thank You!

We look forward to continuing to partner with you and to connect our girls to STEM experiences and opportunities with community resources and resource people. Our girls did not just connect their minds but also opened their minds!

We are confident our girls would benefit from New Charter's range of products and commitment to community investment. We urge you to support STEM education and I approve the merger.

Sincerely,

Rush Coen Rogers
Curriculum Director, Be WISE Camp
