

60001348744.txt

I and my spouse are against any mergers of two very large media outlets into one just on basic principles thereof: but, we strenuously object to the exclusion of any independent media outlet such as One America News, from being excluded of broadcast by such larger entities. The media keeps the Citizens of our country at large informed of the days events: and the exclusion of any viable news outlet from broad-based broadcasting would be detrimental to the health of our Republic. Citizens have a duty to be informed as to current events and should have as many options as possible in determining opinions as to who and how the Citizenry are thus represented. Thus Independent News sources should be included, NOT EXCLUDED from Broadcast venues or entities such as Time Warner, Charter, Cox, Verizon or any other Mass Broadcaster.

Thank You for your kind attention,

I remain Most Humble and Obedient Servant

Joseph A. Arias
