Do not let cable companies destroy Net Neutrality! How can you even consider giving Big Cable more of a monopoly than they already have? Stop letting rich companies buy our government! How could you have ever let cable company lobbyist Tom Wheeler become in charge of you? He is not going to protect the people, he's going to give his cable friends anything they ask for since they will pay him to! Cable companies should have to compete in all states with fair pricing and great service, but they won't until you the FCC makes them, so man up and do the right thing for once!
