Dear Chairman Wheeler,

Having been involved in technology solutions, from company start-ups to serving as CEO, the move by Charter to acquire TWC is good news. Cities like ours and businesses like those I represent basically run on technology. All of us depend on it.

Charter has outlined steps to get improvements and advancements for Lexington and the central Kentucky region as well as the entire state. This is to request that you move as rapidly as possible to approve the transaction, so that local market action can begin.

Thank you very much for your consideration.

Sincerely,
