Customer Notice Letter

November 23, 2015

Dear Valued CIMCO Customer:

We are excited to announce that First Communications, LLC soon will become your telecommunications services provider, pursuant to an agreement between First Communications and your current provider, CIMCO, A Division of Comcast Business Services ("CIMCO").¹ The transfer to First Communications will occur on or after January 1, 2016, subject to the satisfaction of certain regulatory requirements. First Communications is committed to earning and keeping your business and will assure that you continue to receive the same great service and dedication to your telecommunications needs as you currently receive.

Your transition from CIMCO to First Communications requires no action on your part.

This change will be completely seamless, and you do not need to do anything in order for it to occur. Following the transfer to First Communications, you will continue to receive telecommunications services with the same features and at the same rates, terms and conditions as you currently enjoy. Any changes to your service following the transaction will be made in compliance with your contract, service terms and applicable federal and state legal and regulatory requirements. We do not anticipate that this transition to First Communications will cause you to incur any carrier change charges, but if you do, First Communications will pay them.

It is important that you be aware of the following information. You are responsible for continued payment of your monthly recurring and usage charges. If, for any reason, you should choose another provider for your telecommunications services you will need to contact that provider directly to arrange for the change before First Communications becomes your provider.² Otherwise, your telecommunications service(s) will automatically be transferred without service interruption from CIMCO to First Communications. If you paid a deposit or prepayment, it will be transferred to your First Communications account. In addition, if you have a preferred carrier freeze on your account, it will be lifted to make the transfer and you will need to contact your local service provider to arrange a new freeze.

Headquartered in both Chicago, Illinois and Akron, Ohio, First Communications has been providing voice, data networking and managed services to the business community since 1998. At First Communications our commitment to customer service crosses all levels of our organization: from the associate who answers customer calls in our Akron-based Care and Repair Center; to the certified engineers in our Chicago-based Network Management Center who, around the clock, proactively monitor customer networks; to the Account Managers who
