Please do include OAN in this deal. Of all the news networks, I have finally found one that I believe truly reports unbiased news, as well as has a clear separation of their news and talk shows. This is extremely important to me, as well as to many other people as so many of us are tired of biased news reporting. OAN offers a very valuable service to us in how they conduct their business and it would be a very poor deal not to include them. Thank you.
