

60001353183.txt

One America New Network must survive. It is the most positive TV New ever. Please prevent the merger from excluding this amazing news network from being excluded because of a merger of monopolies.

This stands against the grain of the creation of our wonderful nation.

Finally, a network news agency that spews education, truth and encouragement. Please do the right thing here.

I am but one voice, but an important one.
