Re: MB Docket No. 15-149

Dear Ms. Dortch:

On behalf of the Kern County Hispanic Chamber of Commerce, I write to you to express our organization's support for the proposed New Charter merger. With nearly 950 members representing thousands of employees, the Chamber is actively involved in local government, regional economic development and providing valuable resources to its members.

As President/CEO, my first and foremost priority is to ensure that Kern County is a place where business can grow and succeed. In order to do that we must make sure the communication and information options available to local business owners are top notch.

The best way to accomplish this goal is through the proposed New Charter merger. This merger will bring much needed investment into the Greater Bakersfield area and all surrounding areas of Kern County.

The proposal promises to bring in at least \$2.5 billion in new commercial infrastructure investment, much of which will be invested in areas where the Charter Communications currently does not operate. It would also promise to bring back thousands of jobs from overseas.

The Kern County Hispanic Chamber of Commerce strongly urges you to support the New Charter merger, and we ask that you keep these potential positive improvements in mind when making your decision.

Sincerely,

A handwritten signature in black ink, appearing to read "Jay Tamsi", is written over a large, circular, scribbled-out area.

Jay Tamsi, President/CEO
Kern County Hispanic Chamber of Commerce
