To whom it may concern:

We want to file an appeal on and extension deadline giving by USAC. The deadline was approved till January 2015 instead of 2016. We were instructed by USAC that we would need to file this appeal with the FCC in order to have the timeline corrected. The extension was granted due to the school being under investigation for fraud. Once the investigation had completed and we were given the ok to bill, most of the individual involved with our project were no longer with the school. USAC requested that a service certification form be completed by the school in order for our invoicing to be processed. Since most of the original personal was gone, we could not find anyone willing to complete the form. When we did locate someone to complete the form, our time had expired. We are hoping to have our timeline extended until 2016 so that we can get our invoice closed out.

Thank you,

A handwritten signature in black ink, appearing to read "Stephen Harris", is written over a light blue circular graphic element that is part of the TIG logo.

Subject: Invoice Deadline Extension

This serves as acknowledgement and approval of your request for your one-time 120 day invoice deadline extension for the following FRNs:

2204246

Since this serves as approval, an invoice requesting payment must be submitted so that it is postmarked no later than the date found on the USAC website within the Search Tools in order for your request to be considered as timely filed. If you are resubmitting a Form 472, please remember that you should forward the form to the Service Provider as soon as possible to ensure sufficient time to process your request. The invoice should be submitted in accordance with the instructions that are posted in the SLD Forms area of the SLD web site at www.sl.universalservice.org or are available by contacting the SLD Client Service Bureau at 1-888-203-8100.

Thank you for your continued support of and participation in the E-rate program.
