Chairman Wheeler,

I'm writing to urge you to restore broadband competition by fixing the broken market for high-capacity broadband lines. The FCC must address anti-competitive behavior in this market to reach its goal of delivering better, faster, cheaper broadband to all Americans. The future of our information economy depends on it. GCI, an Alaska company, has a monopoly in Rural Alaska, and gouges us. They got million\$ in grant monies to upgrade rural Alaska service, and instead installed their retired urban equipment! We have inferior service, equipment, and superior bills! Don't give them more leverage and \$\$\$! We need FCC to protect the consumer!!! Darlene Holmberg
