I have stopped watching Fox News and CNN. They can not be trusted in the news they share with the public. They lie, don't tell the truth and I do not enjoy the drama they spread. I found OAN by accident. I watch it every day all day. They give me what I need, honest news, no drama. I appreciate the way they tell us the real truth. Please do not overlook OAN. I want them to continue as it is. Other people I talk to have changed also. I refer them to everyone now. Please respect them and keep them on the station so we the people can have a news station we can trust.
