Re: *Telecommunications Carriers Eligible to Receive Universal Service Support; Boomerang Wireless, LLC's Petition for Limited Designation as an Eligible Telecommunications Carrier in Alabama, Connecticut, Delaware, the District of Columbia, Florida, Maine, New Hampshire, New York, North Carolina, Tennessee and Virginia, WC Docket No. 09-197*

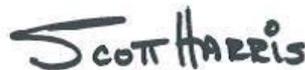

Dear Ms. Dortch:

On December 14, 2015, the undersigned and Brita Strandberg of this firm, on behalf of Boomerang Wireless, LLC ("Boomerang"), met with Stephanie Weiner, Senior Legal Advisor to Chairman Wheeler. During the meeting we discussed Boomerang's above-captioned request that it be designated as an Eligible Telecommunications Carrier to provide Lifeline service.

We explained that Boomerang is a careful Lifeline provider committed to vigilant stewardship of the Lifeline program and the needs of Lifeline customers. We also explained that Boomerang believes that the future of the Lifeline service is and should be focused on data, that using Lifeline for data services would help close the digital divide, and that Boomerang has made data available as part of its Lifeline service. Accordingly, we urged the Commission promptly to grant Boomerang's ETC application.

If you have any questions, please do not hesitate to contact me.

Respectfully submitted,

Scott Blake Harris
Counsel to Boomerang Wireless, LLC
