RE: MB Docket No. 15-149

Dear Chairman Wheeler,

I am writing to you in support of the proposed merger of Charter Communications, Time Warner Cable, and Bright House Networks, which would result in the creation of an advanced broadband cable company called New Charter combining the best of the three companies for the benefit of consumers.

My office communicates with my constituents in Central Massachusetts through many outreach efforts, including the opportunities I have received from Charter's local television station, Charter TV3. This important media outlet is very unique and one that allows me to voice and express messaging to my constituents.

As a long-standing elected official, I am pleased with the Charter Communications' products and services. I further applaud the efforts Charter has made, and has committed to make, in both their infrastructure and their growing labor base throughout our country, to provide much needed American jobs.

Thank you for your time and consideration of this matter. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Harriette L. Chandler".
