RE: MB Docket No. 15-149

Dear Chairman Wheeler:

I write you to express my support for the proposed merger between Charter Communications, Time Warner, and Bright House Networks.

As State Representative for Texas House District 34, it is my priority to ensure that Nueces County residents and businesses have the tools they need to continue to grow. Affordable access to high-speed Internet allows individuals and businesses to easily connect to information they can use to succeed in today's economy, and keeping up with emerging technology is vital. Charter Communications has shown a commitment to making comprehensive and significant investments to their telecommunications infrastructure in order to improve access and help bridge the digital divide. If this proposal is approved, our communities will directly benefit from Charter's dedication to providing affordable and quality telecommunication services.

For the above stated reasons, I respectfully encourage you to support the Charter-Time Warner-Bright House Networks merger proposal. This merger would allow for the best service in our area, providing the Coastal Bend with the communications resources it needs to continue to prosper.

Sincerely,

A handwritten signature in black ink that reads "Abel Herrero".
