We are requesting waiver of Program Rules for the filing of FCC Form 472 for the 2014-2015 funding year. Our prior consultant left the organization which we employed for this service. We were working with the organization but they ultimately decided to end the service. We had to locate a new organization and by the time we received the paperwork from our previous provider we missed the filing deadline.

This is in regards to FCC Form 471 Application Number: 978555 and the following funding request numbers: 2666288, 2666355 and 2666390.
