We are seeking a waiver of program rules for FCC Form 472 for the 2014-2015 funding year. Our prior consultant left the organization which we employed for this service. We were working with the organization but they ultimately decided to end the service. We had to locate a new organization and by the time we received the paperwork from our previous provider we missed the filing deadline. This is for billed entity number 16062261. This is in regards to FCC Form 471 Application Number: 978555 and the following funding request numbers: 2666609, 2666623 and 2666689.
