## House of Representatives

December 28, 2015

Mr. Tom Wheeler, Chairman  
Federal Communications Commission  
445 12<sup>th</sup> Street Southwest  
Washington, D.C. 20554

Dear Mr. Wheeler:

I respectfully request your and your colleagues approval for the acquisition of Time Warner Cable by Charter Communications. Having served as an elected member of the Lexington, Kentucky, City Council prior to joining the state House of Representatives, my constant focus has been on economic viability and progress for the urban community. Charter is offering features that make technology more affordable and available, which is right at the heart of our goals.

More and more, critical connections turn on the capacities of families and small business to access the marketplace for critical health information, for school, for homework and study, and to the circle of friends and family for regular contact and support. We are impressed with the low-cost options Charter has pledged, the innovations Charter brings, and the commitments in the formal agreement for Charter to lead change for all citizens here. The current mayor, Council, and many concerned leaders have worked closely with Charter to forge the change to faster technological speed and exemplary services.

Given that much time has already passed, I urge you to grant approval to Charter so these much-needed improvements can begin. If I can provide additional information or answer questions, please do not hesitate to contact me at my address above, by e-mail at [george.brown@lrc.ky.gov](mailto:george.brown@lrc.ky.gov), or by telephone at (859) 312-7513. Thank you so much for your consideration.

Peace & Blessings,

Representative George A. Brown, Jr.  
State Representative  
House District 77
