I've never felt compelled to reach out to help, hinder, or even comment on any business, politics, agencies of any kind; however, I feel something isn't right AT ALL to even consider NOT having OANN on. I, for years, watched CNN, and other news stations (especially FOX). I feel FOX has been the most inciteful, timely, etc. BUT, when I'm not concerned with being entertained with my news, OAN is definitely a welcome addition to the news channels/networks. As a member/staff of the American Legion, DAV, VFW, and others, I feel that I speak for ALL of them, when I say that this is a disgraceful consideration that is being contemplated. Most of the men think it takes a mongoloid idiot to think anything can come from my making contact. Please show them and many others that they are wrong. People's opinion still count.
