My apartment complex Bella Vida at Coyote Ridge is apartment forcing residents to use a specific cable company at the rate of 89.00 with an 11.00 increase effective Jan 1, 2016 which mean they are having us pay 100.00 for basic cable and internet when there are other cable companies with much better deals and prices. I this is unfair and horrible because I am paying 100.00 for terrible cable and slow internet.
