RE: MB Docket No. 15-149

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

I am writing to show my support for the proposed Bright House Networks, Charter Communications and Time Warner Cable merger. I believe this merger will be of benefit to the residents and businesses in my district.

I have the honor of representing the largest House District in the state that stretches for hundreds of miles along the Texas-Mexico border. We have many unique challenges, and one such challenge is additional broadband investment. As a legislator, I was pleased to read about Charter's commitment to invest more in deploying broadband to underserved areas. And where broadband is currently available through Time Warner Cable, New Charter plans to enhance broadband speeds.

Many of the areas along the Texas-Mexico border I represent have low digital adoption rates. I believe Charter's plan to provide a low-income broadband program will have a positive impact on those communities served by Time Warner Cable. I have no doubt that low-cost access to broadband will help the children in my district achieve great things at home and in the classroom.

Thank you for your consideration.

With kindest regards, I remain,

Sincerely,
