Re: Connect America Fund, WC Docket No. 10-90

Dear Ms. Dortch,

Chester Telephone Company dba TruVista ("Chester" or the "Company"), Study Area Code 240516, hereby notifies the Federal Communications Commission ("FCC" or "Commission") and the Wireline Competition Bureau ("WCB" or "Bureau") of changes that the Company made to its previous two FCC Form 477s on December 29 and 30, 2015. The changes described herein contribute to a significant and vital amount of funding that appeared as a "loss" in the Alternative Connect America Model ("A-CAM") Version 4.2 illustrative results.

Chester's previously-filed FCC Form 477s containing data as of December 31, 2014 and June 30, 2015 had incorrectly identified 706 census blocks as having fiber-to-the-home ("FTTH") deployed in these blocks, but most of the blocks are actually served with DSL. The mislabeled blocks were an inadvertent error that came to light when Chester reviewed the A-CAM Version 4.2 illustrative results and identified a potential loss of approximately \$700,000 in A-CAM support.

Chester immediately took action and submitted revised forms on December 29 and 30, 2015. However, Chester remains concerned that these changes will not be incorporated into the forthcoming versions of the A-CAM. Chester respectfully requests that the FCC allow these corrections to be included in the A-CAM as soon as possible to reflect accurately these facts. Without these corrections, future versions of the A-CAM will not reflect the facts pertaining to the Census Blocks served by Chester with the correct broadband technology. Without these corrections, the Commission's universal service policy for the Chester study area will be frustrated as the amount of support available will not be sufficient to advance broadband technology in the area.

Sincerely,

Brian Singleton, President/CEO
