

c. Point of Geographic Areas of Service Affected (47 C.F.R. § 63.71(a)(3), (b)(2)):

VBX services will be discontinued in the states of Indiana, Kentucky, Tennessee and Wisconsin.

d. Brief Description of the Type of Service to be Affected (47 C.F.R. § 63.71(a)(4), (b)(2)):

The service to be affected is Virtual Business Exchange service.

2. Brief Description of the Dates and Methods of Notice to All Affected Customers (47 C.F.R. § 63.71 (b)(3)):

On January 11, 2016, Windstream sent by First Class U.S. Mail notice to all affected customers of the planned discontinuance. A copy of such notice is attached hereto as Attachment 1, which is compliant with, among other things, Section 63.71(a)(5) of the Commission's rules, 47 C.F.R. § 63.71(a)(5).

3. Regulatory Classification of Carrier (47 C.F.R. § 63.71 (a)(4)):

Windstream is nondominant with respect to the services that it proposes to discontinue.

4. Service:

In accordance with Section 63.71(a)(1) of the Commission's rules, 47 C.F.R. § 63.71(a)(1), Windstream is submitting a copy of this Application by First Class U.S. Mail to the public utilities commissions and governors of each state in which discontinuance is proposed and also to the Secretary of Defense (at the address given in 47 C.F.R. § 63.71(a)).

5. Additional Questions Regarding This Application May be Addressed to the Undersigned.

6. Circumstances of Discontinuance.

Windstream provides VBX service to 57 business customers in Indiana, Kentucky, Tennessee and Wisconsin. This service is provided on an end-of-life Hosted VoIP platform that is scheduled to be decommissioned on Thursday, March 31, 2016. This service was a first generation product using proprietary (now unsupported) protocols. Windstream will assist affected customers in migrating their services to Windstream's supported platform or upgrade to one of our more robust unified communications products.

These customers will not be unduly harmed because they are being provided ample notice of the discontinuance and are being offered alternative services to the ones being discontinued. Furthermore, customers have comparable options at comparable rates from other providers serving these states.

7. Conclusion

Windstream believes that the proposed discontinuance is reasonable and necessary. As outlined herein, Windstream will take reasonable steps, to the extent that is able, to assure that the discontinuance of this service is not unduly disruptive to the present or future public convenience and necessity. Accordingly, Windstream respectfully requests that the Commission permit it to discontinue the provision of VBX service to customers in Indiana, Kentucky, Tennessee and Wisconsin pursuant to Section 63.71.

Respectfully Submitted,

URGENT: Your services will be impacted unless you take action!

Dear <<Contact Name>>,

In an effort to better serve our business customers, Windstream is working to consolidate our systems and offerings. You are currently on an end-of-life Hosted VoIP platform that is scheduled to be decommissioned on Thursday, March 31, 2016.

The decommissioning affects Windstream Norlight, LLC customers in Indiana, Kentucky, Tennessee and Wisconsin, who subscribe to Virtual Business Exchange (“VBX”) services. VBX is a Voice over Internet Protocol or VoIP product fully managed and owned by Windstream with features and call functions hosted in the cloud. This technology was a first generation product using proprietary (now unsupported) protocols.

In order to prevent a permanent service disruption, please contact Windstream prior to Friday, January 25th, 2016 to discuss migration to our supported platform or upgrade to one of our other robust Unified Communications products. Failure to do so may result in insufficient time to transition your services and may result in a complete loss of your services with no short-term ability to restore them.

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Windstream Norlight, LLC. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

Thank you for your prompt attention to this important matter. Please contact your Windstream trusted advisor at 855-759-7412 to discuss your migration and customized solution options. In the meantime, you can visit www.smallbusiness.windstream.com/Bundles for additional information regarding all of our offerings.

Sincerely,

Windstream
