Re: *In the Matter of Applications of Comcast Corporation, General Electric Company and NBC Universal Inc. for Consent to Assign Licenses and Transfer Control of Licenses*, MB Docket No. 10-56

Dear Ms. Dortch:

Comcast Corporation (“Comcast”) hereby submits the following information regarding the standalone Broadband Internet Access Service condition in Appendix A § IV.D (the “Condition”) of the *Comcast-NBC Universal Order*.¹ This letter contains certain information designated as Confidential (identified by [[brackets]]) and is being submitted pursuant to the *Compliance Protective Orders*.²

¹ *Applications of Comcast Corporation, General Electric Company and NBC Universal, Inc. for Consent to Assign Licenses and Transfer Control of Licenses*, Memorandum Opinion and Order. 26 FCC Rcd 4238 (MB 2011) (“*Comcast-NBC Universal Order*”).

² *Applications of Comcast Corporation, General Electric Company, and NBC Universal, Inc. for Consent to Assign Licenses or Transfer Control of Licenses*, Protective Order for Compliance, 26 FCC Rcd 2045 (MB 2011) (“First Protective Order”); Second Protective Order for Compliance, 26 FCC Rcd 2052 (MB 2011) (“Second Protective Order”) (jointly, the “*Compliance Protective Orders*”).

Introduction

Pursuant to Condition § IV.D.3, Comcast is required to submit a report describing compliance with Condition § IV.D.1 regarding its provision of standalone Broadband Internet Access Service (“BIAS”) and providing certain additional information annually and upon any price adjustment of a standalone BIAS offering. The following constitutes Comcast’s submission, and incorporates adjustments to certain of Comcast’s standalone and multiproduct BIAS service tiers in certain service areas in which it offers BIAS services adopted in December 2015.

Report

Comcast continues to offer standalone BIAS to customers throughout the service areas in which it offers BIAS services.³ Those offerings include a standalone BIAS tier in each of its markets under the name “Performance Starter” that Comcast has provisioned to deliver with speeds of at least 6 Mbps down and offers at the retail price of \$49.95 per month. Comcast also offers other standalone tiers of BIAS, at reasonable market-based prices, with speeds that correspond to those offered in its retail multi-product offerings in the relevant service area.⁴ Such standalone offerings are available on equivalent terms and conditions to the most comparable BIAS tier available in Comcast’s multi-product offerings. Further detail is available in Appendix A.

The aggregate number of standalone BIAS lines Comcast provisioned as of December 21, 2015 was [[]].⁵

³ Comcast offers BIAS to over 99 percent of homes passed by Comcast cable systems.

⁴ Comcast generally sells BIAS in three ways: (i) on a standalone basis; (ii) with discounted, multi-product pricing (such that the price for the Internet access service is reduced if the customer subscribes to one or more other Comcast products); and (iii) as part of bundles for which Comcast determines aggregate prices, without separate pricing for the individual products. As Comcast does not determine separate pricing for the individual products within a bundle, Parts I and II of Appendix A set forth speeds and pricing only for standalone and multi-product BIAS offerings. For reference purposes, Part II of Appendix A also provides pricing information for Comcast’s National Triple Play Bundles, and pricing information for variations of those pricing plans that have been adopted in the Markets identified therein.

⁵ In 2014 Comcast revised its methodology for counting and reporting customers who reside in multiple dwelling units that are billed under bulk contracts. Throughout 2014, Comcast reported

REDACTED – FOR PUBLIC INSPECTION

Ms. Marlene H. Dortch

Page 3

Parts I and II of Appendix A set forth the standalone and multi-product BIAS speeds and pricing offered by Comcast to customers as of December 2015 in Comcast's top 30 markets. The information reflects post-promotional pricing, and (in the case of the multi-product pricing) assumes that the customer continues to subscribe to one other product (video or voice) or all three products (video, voice, and Internet), as applicable.

Part III of Appendix A sets forth, by company and to the best of Comcast's knowledge after review of those companies' websites, the standalone BIAS offerings of Comcast's principal competitors and the post-promotional pricing of such offerings. Comcast has identified principal competitors, their standalone BIAS offerings, and the pricing of such offerings as of December 2015.

In addition, Comcast notes that Comcast offers BIAS service under the name *Internet Essentials* throughout its service areas, including in each of the 30 markets referenced in Appendix A. *Internet Essentials* is a comprehensive broadband adoption program that provides low-cost broadband access to households meeting the program's eligibility requirements, and was originally established pursuant to Condition § XVI.2. As this service tier is designed for a specific population with unique eligibility criteria, Comcast treats it separately from the generally available retail services that are the subject of this report. Subject to the program's eligibility requirements, *Internet Essentials* is available on both a standalone and multi-product basis, with no differentiation in price.

Please do not hesitate to contact me should you have any questions.

Sincerely yours,

Lynn R. Charytan
Executive Vice President & General Counsel,
Comcast Cable
Senior Vice President, Legal Regulatory Affairs,
Comcast Corporation

standalone BIAS lines utilizing its prior methodology, but notified the Commission that it would adopt the new methodology in 2015. The aggregate number of standalone BIAS lines reflected in the text of this letter is based upon Comcast's more newly adopted methodology. Under the prior methodology, the aggregate number of standalone BIAS lines provisioned as of December 21, 2015, was [[]].
