

60001404994.txt

Chairman Wheeler,

I'm writing to urge you to restore broadband competition by fixing the broken market for high-capacity broadband lines. The FCC must address anti-competitive behavior in this market to reach its goal of delivering better, faster, cheaper broadband to all Americans. The future of our information economy depends on it. You are supposed to protect the public. Please reinstate the fairness in news outlets mandate also...  
William Weaver
