Re: 06-122

### REQUEST FOR LATE FEE WAIVER

Flatel Wireless, Inc Filer ID 830219 would like to respectfully request a waiver of a late fee incurred by USAC Form 499. An appeal was submitted to USAC and also NANPA where both removed their fees due to USAC website issues. Assuming all would be communicated throughout the other agencies, I continued to appeal to the USAC to remove the late fee of \$1457.70 (Now \$1865.86 via Federal Debt Case 1600009003 Agent Debt ID U150003354). Just last week, I was told by USAC that I would have to contact FCC and reference 06-122 to appeal these late fees and that is what I am doing now.

Flatel Wireless Inc, is a small wireless MVNO just getting into the industry with currently less than 300 users. This unjustified fee would impose undue hardship upon the Company as we are already struggling to compete with current competitors in an ever-changing industry.

The sequence of events and correspondence with the USAC are provided on Exhibit A bellow.

Please waive the late fee and the red light status as we are also eagerly awaiting ETC/ Compliance Plan approval.

Respectfully,

Adriana Solar

After several emails to try to get into my account back beginning in March, I was finally able to file the return.

Now I have a \$200.00 bill from USAC and another 125.00 fee from North American Numbering Plan .

Can someone please help me straighter this out.

I asked for a reset and was deleted and I recall back in March having someone say there were issues with the website.

Please advise

## FCC FORM 499 APPROVAL CONFIRMATION

The 2015 Form 499-A (Rev 2) received on Friday, August 07, 2015 for Filer ID 830219 Flatel Wireless has been approved by USAC. The revenues reported on this filing will increase your company's USF contribution base from its 2014 499-A filing, which according to USAC records was \$0. Please review your 2015 499-A filing to make sure that the end-user interstate and international revenues reported in Block 4 (Columns d and e) are correct.

To view your company's FCC Form 499, go to the USAC [E-File System](#) and log in.

Adriana:

Base on the e-mail, we can update the 2015 to March 31 as the filling date.

This would move \$200.00 Late filing fees for 2015.

The NANPA late fee would be waived as well.

However, the 1400 LFF is based on the 2014 499A, which you did not file until May 2015, the fees would stand.

### **2015 FCC Form 499-A True Up Calculation**

7/23/2015

*Company: Flatel Wireless - 830219*

*Billing Contact: Adriana Solar*

*Billing Email Address: [asolar@zingpcs.com](mailto:asolar@zingpcs.com)*

USAC has calculated the 2015 Annual/Quarterly FCC Form 499 True Up (A/Q True Up) for calendar year 2014 based on the actual revenues reported by Flatel Wireless (Filer) on its 2015 FCC Form 499-A or, if the Filer did not file a 2015 FCC Form 499-A, based on a USAC estimate. Based on USAC's calculation, USAC has determined that the Filer

was *de minimis* for calendar year 2014 and, therefore, was not required to directly contribute to the federal Universal Service Fund during calendar year 2014. Any federal Universal Service contributions billed to the Filer for calendar year 2014 have been credited back to the Filer's account as reflected on the Filer's July 2015 invoice. Please note that for FCC Form 499-A revisions, the amount reflected on the Filer's invoice will be the net difference between the previous 2015 A/Q True Up calculation and the revised 2015 A/Q True Up calculation.

General annual A/Q True Up information is located at

<http://www.usac.org/cont/invoices/true-up.aspx>.

Ms Solar,

You should see the USAC late fee "removed" on your USAC September invoice. You will have to call NANPA to find out when their "credit" will be implemented.

Thank you.
