Dear FCC

I want to join this petition against the Big Mega Cable Merger by Charter Communication acquiring Time Warner Cable and Bright House Networks. It's not good for America or Americans. Soon we will be like other Nation around the World who only let's their people know what they want them to know, all controlled by Political Powers and Dictators. I'm asking the FCC to take action to insure that family owned and independent programming networks such as One American News Network are treated fairly and protected....
