Re: MB Docket No 15-149

Dear Ms. Dortch:

On behalf of the Board of Directors of the Carlsbad Chamber of Commerce I am writing to express our Chamber's support for the proposed New Charter merger with Time Warner Cable.

As the largest North San Diego County Chamber of Commerce we continually look for and support infrastructure upgrades to ensure our city is a place where companies can expand and relocate knowing they will have use of state of the art facilities.

The proposal promises to bring in at least \$2.5 billion in new commercial infrastructure investment, much of which be invested in areas where Charter Communications does not currently operate. It would also promise to bring back thousands of jobs to the U.S. from overseas. By improving internet service it would lead to much faster speeds and more reliable service.

The Carlsbad Chamber of Commerce and its 1,400 members strongly encourage you to support the Charter, Time Warner Cable and Bright House Networks merger.

Sincerely,
