RE: MB Docket No. 15-149

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

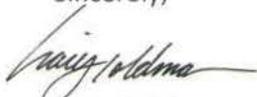

I respectfully ask for your favorable approval of the Charter Communications, Time Warner Cable, and Bright House Networks merger, as I believe the combined company will bring more jobs, broadband investment, and consumer benefits to Texas.

Texas has become a perennial leader in job growth by creating a business-friendly environment that encourages private investment. I support Charter's plans to leverage the transaction to invest more in customer care by bringing jobs from overseas back to the U.S. and boosting in-house field technician employee numbers.

In addition to customer care investments, Charter has committed to making significant broadband investments if the merger is finalized. Charter plans to increase broadband speeds and deliver more advanced services across its service territory. The company also plans to extend service and build out into new areas beyond where the companies currently serve.

I appreciate your review of the proposed merger and hope that you will take my comments into consideration.

Sincerely,

Craig Goldman
