Chairman Wheeler,

I'm writing to urge you to restore broadband competition by fixing the broken market for high-capacity broadband lines. The FCC must address anti-competitive behavior in this market to reach its goal of delivering better, faster, cheaper broadband to all Americans. The future of our information economy depends on it.

The market is now fixed, with AT&T & Verizon even agreeing to separate areas so they don't have to compete with one another. They are buying up smaller competitors. It is not a FREE market anymore. Create competition to restore true capitalism and eliminate greed that destroys opportunities for regular people to experience broadband benefits. Felicia Freeman
