

New Creation Church of God request a waiver for a temporary exemption from the television Closed Captioning.

Due to issues beyond our control, our local television provider NBC 25 WEYI has requested that we file this waiver in an effort to correct some technical issues between our program and their station. Based on their request they must have this waiver for us to continue with our program in such time corrections can be made.

The stations are having difficulty with the current Closed Captioning files that we provide with the media furnished to the station.

Our Programming Information:

Program Title: Dr. Herbert L. Banks,
The Word Will Work For You
28 minutes of Christian programming.
