I urge you to REQUIRE that One America News be offered to all viewers as a condition for approving the merger of Charter Communications and Time Warner Cable. One America News is by far the most informative and educational news channel on all of cable. They don't irritate their customers with all of the babble and nonsense that I find on the traditional news stations. I also find them very educational in their segments which discuss the history of our country. It is very important that all the cable subscribers in the country have access to One America News.
