Request for Waiver of Deadline

My name is Jacob Burkett and I am the Technology Coordinator for the Salem School District 111.

I am writing to request a waiver of the invoice extension deadline for FRNs 2700841 and 2700995. The reason for this request is because USAC has denied our invoice #2337097 due to the service provider certifying their part after the deadline occurred.

The Salem School District 111 completed their part of the 472 (BEAR) on time but since the service provider did not do their part we have been denied our reimbursement. This is a significant amount of money that our school district relies on each year to help offset the cost of telecommunications and internet access in a low-income community.

If this deadline could be waived I will work with the service provider to ensure that all the necessary forms are completed. I will also work with the service provider to help prevent this issue from happening in the future.

Thank you for your consideration.

Jacob Burkett
