RE: MB Docket No. 15-149

Chairman Tom Wheeler
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

On behalf of the Auburn Chamber of Commerce, I am writing to express support for the formation of New Charter through the merger of Charter Communications, Time Warner Cable, and Bright House Networks.

Auburn is a progressive community, located between Omaha, Lincoln, and Kansas City. While home to only 3,540 residents, it boasts 43 locally-owned businesses.

Yet Auburn never ceases striving to meet the present and future needs of its citizens. To this end, New Charter would prove a valuable partner in improving education, health care, recreation, and economic development. Its slowest broadband tier would be an industry-competitive 60 Mbps. New Charter would also invest in our country's fading telecom infrastructure by building residential line extensions and investing \$2.5 billion in commercial networks. And admirably, it would offer fast and reliable access to low-income families through discounted pricing options.

I hope that you will support Charter's transactions, which will inevitably benefit Auburn as well as many other communities, big and small, across the country.

Yours truly,

Jessica Lechner
Executive Director
Auburn Chamber of Commerce
