

RE: MB Docket No. 15-149

Chairman Tom Wheeler
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

The Liberty Area Chamber of Commerce wishes to express its support for the proposed merger of Charter Communications, Time Warner Cable, and Bright House Networks, which would result in New Charter. Our organization believes the transactions would greatly advantage our 400 members and our entire community.

Our Chamber is Clay County's leading non-profit dedicated to fostering a climate that attracts and stimulates business. Aided by easy access to interstate highways and Kansas City International Airport, our efforts have generated economic growth and attracted new residents. Young families, in particular, find the Liberty area an ideal place to call home, as evidenced by the fact that its median age is 34.

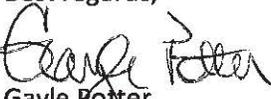

Our Chamber is constantly striving to raise the economic standards and the quality of life in the Liberty area. So we welcome the emergence of New Charter, a company that would vastly improve Internet user experience for our businesses, homes, and schools through major infrastructural outlays.

New Charter would build out one million residential line extensions, deploy 300,000 out-of-home Wi-Fi hotspots, and devote \$2.5 billion to commercial network upgrades. These physical investments would help guarantee that the Liberty area remains prosperous and a destination for the hardworking and entrepreneurial.

On behalf of its 400 members, the Liberty Area Chamber of Commerce kindly requests that you sanction the proposed merger, thereby enhancing opportunities in the Heartland.

Thank you for your time.

Best regards,

Gayle Potter
President
