RE: MB Docket No. 15-149

Dear Chairman Wheeler,

I am writing to inform you that the Crete Chamber of Commerce supports the outlined merger between Charter Communication, Time Warner Cable, and Bright House Networks. I hope that you will as well, allowing for the formation of New Charter.

In many ways, Crete is your typical Middle American city. Located in southeastern Nebraska, it is rural and home to about 7,200 residents. New Charter would provide precisely the type broadband necessary for an area like ours to stay competitive and innovative: fast, reliable, and affordable. New Charter plans to invest \$2.5 billion in commercial networks and build out residential lines. Further, it has committed itself to assisting low-income families through discounted access options.

I trust that you will see the advantages that New Charter will offer Crete and places just like it across America and, thus, approve the merger.

All the best,

Daniel McElravy
Executive Director, Crete Chamber of Commerce
