We (husband and wife) are extremely disappointed that Verizon Fios has removed RFDTV from their TV line-up. It is a channel that we watched often and enjoyed very much. We emailed and called Verizon to voice our dissatisfaction with their decision.

This is the second time in recent history that Verizon has removed a channel from their line-up that made us angry. The other time it was The Weather Channel. We did not renew our contract with Verizon, rather we are on a month to month basis with them while we look into other options. But in any given location, there are only certain cable companies to choose from. We feel that we are powerless, and to add insult to injury, Verizon keeps raising rates.

We are very angry with Verizon.
