

Dear FCC:

Please grant lifetime Amateur Radio Service licenses. It will reduce the number of filings/work that you need to process. Also it will save you time/money. However, do not employ this into 1x1 special callsigns. We need to have a variety of special event calls, and not make them turn into permanent licenseholders. Others may want that call. Thank you for your time reading this.

Amateur Radio Operator,
WU2FAN--Jesse Castillo
