Re: RM-11760 Life time Ham License

To Whom it may Concern:

I agree with Mark Krotz request to amend part 97 to change the section 97.25 to a lifetime license. I too hold a lifetime General Class Radio telephone license and feel that My Ham License should be Lifetime as well. I also that it would save the commission administrative costs as well.

I therefore respectfully request that commission amend part 97.25 to issue Ham Radio licenses for the life of the license holder. Thank you for your consideration.
