Federal Communications Commission

Re: RM-11760

Federal Communications Commission,

I am opposed to the modification of Part 97.25 from 10 year to the lifetime license renewal. The call signs of inactive and deceased amateurs would never be returned to the call sign pool. Instead I would suggest changing the present renewal of Amateur licenses to 15 or 20 years. This will reduce the FCC workload and is a more realistic time frame.

Sincerely,

Ronald C Berry-WB3LHD
