Our family watching RFD-TV on DISH. We live on a small farm and get very helpful information by watching some of their programming. Saturday nights are a must for watching Mollie B Polka and Marty Stewart musical programs. We also enjoy cattle auctions and farm equipment auctions. RFD programming helps the small farmer as well as the large farmer with providing very helpful information. A lot of environmental tips are given to help reduce the affect of chemicals in the air, land and water. This station provides helpful information to all generations of farmers.
