We support One America News Network. This is a copy of the E-mail I sent to Mr. Stephenson regarding U-Verse and OANN.

Dear Mr. Stephenson,

I am 64 and my husband is 67. When we moved to our new home almost six years ago, we were very pleased to have access to U-Verse--good package options, dependable service, no unsightly equipment to install.

We have been watching One America News Network on U-Verse ever since we learned about it and consider it quality reporting. We were always glad we had U-Verse whenever some cable companies stopped carrying (or refused to carry) OANN. Now that U-Verse and Direct TV have merged, it seems that you intend to drop OANN. Please do NOT drop OANN. We senior citizens tend to be a head strong lot, and we would seriously consider other options for our TV programming should OANN no longer be available to us through U-Verse or whatever it evolves into.

Sincerely,
Robert and Judy Brown
