I have been enjoying RFD TV for almost 15 years. It is the only TV station that I would allow my grandchildren to watch unsupervised. It depicts life as we would like to live and aspire to. My source is DirectTV.

It is important that the public has a choice in viewing; please protect independent programming & programmers. RFD HD should be offered on DirectTV via the most economical cable package & not put on some expensive tier where the customer has to pay more. Urban based media giants should not block rural content from being distributed due to their own bias.
