Mergers serve a purpose, but when they reduce options and increase costs to consumers, then these mergers should not be allowed. When they are allowed, special consumer protection provisions should be made.

It is unfair to limit the dissemination of news based on bias. Today, there are too many "news" programs espousing political viewpoints rather than presenting the news.

I am requesting that the FCC reconsider its position on many tv, cable and satellite providers not carrying family-owned businesses that offer an alternative. If it gives the okay for Al-Jazeera, it must certainly allow for the broadcast of One America News Network and others.

Please require that the major providers offer to carry OANN - One America News Network
